Alpine Skiing

Alpine skiing is a "lifetime sport", encouraging skiers to participate at all ages. Skiing and snowboarding currently represent a \$5 billion North American industry. Nearly five million Canadians enjoy alpine and more than two million ski six or more times per year. The average age of alpine skiers is 28, and young adults (18-34) represent 43 percent of the market. The percentage of active skiers earning more than \$75,000 has increased for the past three consecutive years.

Alpine Ski Racing

In many respects, alpine ski racing is the quintessential Canadian sport. Few Canadians will forget the World Cup and Olympic successes of the "Crazy Canucks" and their ability to inspire the country.

Today, many young Ontario skiers look for a way to emulate the skiing prowess of our present greats: Emily Brydon, Britt Janyk; Eric Guay; Jan Hudec and John Kucera - even if only in their minds! At a time when some competitive sports have been tainted by scandal, alpine ski racing stands out as a sport that provides young Canadians with opportunities to pursue their Olympic and World Cup dreams and their personal goals in a healthy, supportive environment.

What is LAKE SUPERIOR DIVISION ALPINE

LAKE SUPERIOR DIVISION ALPINE (LSDA) - is a provincially based unit of **Alpine Canada**, the National governing sport body for alpine skiing. It joins three other Divisions within Ontario (National Capital Division, Northern Ontario Division, and Southern Ontario Division) to work together as **Alpine Ontario** to co-ordinate elite racing in the province. Together, this represents over 50 ski clubs, 5,000 racers, and 30,000 members. In a given year, more than 3,000 recreational and competitive races will be staged in more than 50 towns and cities across Ontario.

LSDA - serves the region of Thunder Bay and Northwestern Ontario. Funds raised support our local aspiring athletes from the grass roots level (Nancy Greene Program - Ages 6 to 10) through to the Ontario Ski Team.

LSDA's objectives are:

- to promote, foster and teach the sport of alpine ski racing in the region
- to provide the appropriate programs, coaching, facilities and equipment for

both competitive and recreational ski racing.

- to administer coaching clinics for coaches, judges, and other officials
- to develop competitive athletes capable of competition in races sanctioned by the Federation Internationale de Ski (FIS) and Canadian Ski Association, and, ultimately, place athletes on the Ontario Ski Team
- to encourage the self-development, leadership and sportsmanship of all participants

Keys to Success

Dedicated volunteers is the proven recipe for any successful community group and **LSDA** has no shortage of these.

Volunteers make up the Board of Directors who steer the organization through the maze of planning and co-ordinating of still more volunteers who make up the various committees responsible for fundraising events (socials, golf tournament, "Ski Swap", tree planting, telephone book delivery, etc.), organizing and staffing over 20 annual races, program development (hiring of professional coaches and planning), and all promotions (newsletter, media releases, WEBSITE, and reporting of results, etc.).

Need for Sponsors

The tireless efforts of the **LSDA's** volunteers and the community's support of its events are, unfortunately, not quite enough to totally fund the Division's expenses. The purchase of new or replacement safety fencing and other race safety equipment, ski race gates, panels and bibs all thousands of dollars each year as well as professional coaches salaries and athlete's travel expenses. While all participating athletes pay a program registration fee, sponsor participation is required to keep the programs affordable for everyone.

Rewards for Sponsors

By participating in the **LSDA** as a sponsor, you are helping to shape young members of our community to be responsible, goal oriented citizens. These young ski racers, whether they make the podium or not, experience personal growth by facing a multitude of life's challenges. The skills developed from years of balancing school work and achieving above average grades, while at the same time maintaining a rigorous training schedule year round, creates a talent pool of young adults - Thunder Bay's future leaders.

In recognition of our sponsors, we offer opportunities to feature their corporate logos on such things as race bibs, race gate panels and fencing, vehicles, signs, team suits and publications. Many local and out of town spectators attend our events spending meaningful dollars within our community. Sponsors appreciate this exposure and patronage. Also, the media is always encouraged to attend races and frequently corporate logos receive valuable television and print exposure.

Sponsor Specifics

Currently, the **LAKE SUPERIOR DIVISION ALPINE** has five levels of sponsors offering financial assistance, in cash, or material goods and services, with a valuation of:

- \$100 - \$500 are recognized as **Friends of The Division**
- \$501 - \$2000 are recognized as **Bronze Sponsors**
- \$2001 - \$4000 are recognized as **Silver Sponsors**
- \$4001 - \$6000 are recognized as **Gold Sponsors**
- \$6001 or more are recognized as **Platinum Sponsors**

For More Information

We envision your Company as a sponsorship candidate and should you be interested in offering such assistance, we would like to hear from you. Please contact any one of our board members for information on how you can be a part of our worthwhile program. A sponsorship form is included for your convenience.

2008/2009 LSDA Achievements

The 2009 Whistler Cup belongs to the K1s. This talented group of skiers won the Canadian title thanks in part to the two gold medals awarded to Ontario racers Remme and Doan. In addition to winning the Kombi races Chris Doan received the Dave Murray award for the K1 boys and Remme won the Nancy Greene award for the K1 girls. Both these awards are for outstanding performance at the Whistler Cup. Congratulations!

ALPINE ONTARIO ATHLETE OF THE YEAR K1

Chris Doan LSD

"Chris has a great approach to ski racing. He takes each race one at a time and tries his hardest to win them all. He puts his energy and thoughts into the start gate eyeing the finish and clock. Each race series this past season Chris seemed to feed off of the competition and raise his skiing to the next level. This is not done without an extremely hard work ethic on and off the hill. He works hard at his fitness level and knows hard work reaps rewards!

Chris has great future in ski racing ahead of him and a wonderful family that support his fine efforts."
Steve Tollefsen, Coach

ANTHONY PACIONE COACH OF THE YEAR AWARD - J/FIS LEVEL **Steve Tollefsen, LSDA**

"Steve gives each and every day to engage and inspire our young athletes in a fun and positive way. He teaches athletes important life lessons such as setting goals and achieving those goals through commitment and hard work, and he nurtures a love for the sport of ski racing in all the young athletes he coaches." *Rob Doan, Parent.*
